NX

## LEXUS SAFETY SYSTEM-PLUS (LSS+)

True to innovative form, Lexus has raised its safety standards with Lexus Safety System+, an optional accessory package of automated driver-assist technologies. Introduced for select models in 2016, and available on each model by 2018/19, LSS+ helps protect against accidents by scanning for hazards and working to avoid them. With features like Pre-collision System,<sup>10</sup> Lane Departure Alert,<sup>3</sup> Automatic High Beam,<sup>16</sup> and Radar Cruise Control,<sup>9</sup> the integrated system helps prevent or mitigate collisions, assist drivers to keep within their lane, and enhance road safety during night driving. Whatever the speed, LSS+ enhances driver awareness, decision-making, and vehicle operations to deliver a safer, more engaging driving experience. Visit [lexus.ca](http://lexus.ca) for more details.

LEXUS SAFETY SYSTEM +

## COMMAND ATTENTION TO DETAIL.

Intricately designed and meticulously crafted. Luxuriously appointed and surprisingly spacious. In the ever advancing and increasingly demanding luxury compact SUV market, the NX is more than ready for the road – and to exceed your expectations. Powerful meets practical with available gas and hybrid engines and, of course, Lexus' first turbocharged engine available on the NX F SPORT. It's a beautiful thing.

*"My NX is by far my favourite vehicle. It's the perfect size. The features are great & it's a very user friendly vehicle. My gas mileage is great & I haven't even put 3,000 kms on it. Thanks Lexus."*

FF, Lexus NX Driver

## THE DEFENCE NEVER RESTS.

Drive with confidence knowing that all 2017 NX models come standard with eight airbags,<sup>18</sup> fog lights, and cornering lights. Available features like Blind Spot Monitor System,<sup>8</sup> Advanced Pre-collision,<sup>10</sup> and Rear Cross-Traffic Alert<sup>4</sup> help keep eyes on the parts of the road where your eyes may not see.

**8 STANDARD AIRBAGS** The comprehensive safety features of the NX include Front Seat Mounted Side Airbags, Driver Knee Airbag, Front Passenger Seat Cushion Airbag, Side Roll-Sensing Curtain Airbags (RSCA), and Rear Seat Side Airbags.<sup>18</sup>

**PRECISION SENSORS** The 2017 NX offers rear-mounted radars that detect the vehicles you can't see, while an alert icon appears in your side mirror.<sup>8</sup> And when you're reversing, Rear Cross-Traffic Alert<sup>4</sup> detects and notifies if a vehicle is approaching while you back up.

**LEXUS SAFETY SYSTEM+** Designed with your utmost safety in mind, the available Lexus Safety System+ provides a myriad of driver-assist features like Pre-collision System<sup>10</sup> which warns you of potential impact and readies the brakes for evasive manoeuvres. Lane Departure Alert<sup>22</sup> is designed to warn a driver when the vehicle begins moving out of its lane without signaling intent, while Automatic High Beam<sup>16</sup> ensures optimum nighttime visibility. Dynamic Radar Cruise Control<sup>9</sup> helps you maintain a safe distance from other vehicles by automatically adjusting throttle or braking when cars ahead slow down.

## STANDARD LUXURY
